

Campaign Prayer

Father, we thank you for your continued faithfulness over our lives as your people. At every turn, we have experienced your abundant grace challenging us to trust you more and believe you for great things. And you Lord, have done great things. We have seen it over and over again. You have always been faithful. Now Lord, here we are looking to you in faith again. As we move into our future let the work of your Spirit increase among us. May the gift of faith grow stronger and the gift of giving abound so that this church may have everything it needs to accomplish its mission. And most of all, may all that we do impact the world around us for God's glory for generations to come. In Jesus name, Amen.

THE CROSSING
www.crossingumc.org

Now is the time for The Crossing to look into the future! For years, we have considered this significant adjustment to our building and ministry. We believe that a better worship space specifically designed for worship could help us better accomplish our mission of being a regional renewal center. We believe that freeing up the gym to be a gym could help us reach young families. We believe having a central entry for our facility could help us more effectively welcome visitors and facilitate congregational safety. And we also believe that a new administrative area will provide for increased efficiency and safety for staff and volunteers.

RENOVATE CHAPEL

Redesign and renovate the chapel space to allow for seating of 400-450 people.

Create an innovative multimedia and broadcast capable worship venue with a new stage.

A new roof is already required in the existing space. We intend to make it higher to accommodate state of the art audio, visual, and lighting effects. This area also requires new electrical and mechanical systems.

NEW ENTRANCE AND GATHERING SPACE

Construct a single, obvious point of entry that is warm, light-filled, welcoming, and engaging. It will also provide for a safer and more secure facility. This entrance will allow access to all major spaces on the same level.

The gym, worship center, and other auxiliary spaces will be interconnected within the lobby/gathering space.

Reclaim the gymnasium to provide for outreach and additional ministry space. Relocating the worship space to the chapel will allow us to reach our community in new and creative ways.

RELOCATE ADMINISTRATIVE OFFICES

Move the staff offices to the church building for better communication, logistics, and safety reasons.

Create a new, flexible meeting space to accommodate larger groups.

THE CHALLENGE

The Crossing's Challenge is comprised of several anonymous families who have stepped up to inspire other families at The Crossing to prayerfully consider giving sacrificially. All gifts of \$4,000 or more would be matched on a 2:1 basis by this challenge. Your help is needed to help secure these funds. By giving generously and sacrificially, you will ensure the future of The Crossing for generations to come.
